Hospice and Palliative Care Providers

Our attorneys have broad experience in the full range of legal and regulatory issues impacting hospice and palliative care providers, and can provide assistance in the following areas: preparation and negotiation of contracts (nursing home, medical director, hospital, DME and other vendor agreements); new hospice and palliative care program development; mergers and acquisitions and complex joint ventures; analysis of the Medicare Conditions of Participation as they relate to specific hospice program issues; coordination of complex Medicare reimbursement issues; and fraud and abuse (Anti-kickback, Stark, False Claims Act) compliance.
