## Bond Counsel

Our attorneys have acted as bond counsel for many bond transactions, including transactions involving the State of Ohio, agencies of the State of Ohio, counties, cities, villages, public school districts, state universities and colleges, port authorities, library districts, cultural facilities, health care facilities, private schools, and issuers of industrial revenue bonds.

In the economic incentives arena, we have worked with developers and public bodies on tax increment-supported financings involving billions of dollars. In the health care finance arena, our firm has broad experience in regard to financings for hospitals, health systems, skilled nursing homes, assisted living facilities, and congregate care communities.
