Food-Borne Illness

Presented by The National Forum for Environmental & Toxic Tort Issues (FETTI)

October 1, 2010

Vorys partner David Oliver will speak at the FETTI 17th Annual Conference on October 1, 2010. His presentation will discuss food-borne illness, including: infectious disease, additives and contaminants, and demonizing food (obesity, diabetes, early puberty and other societal ills laid at the feet of food).
