

Vorys Advisors

Vorys Advisors LLC, led by retired Congressman David Hobson (R-OH), provides business and strategic counsel to Ohio businesses in manufacturing, health care, energy, real estate, venture capital, technology and other industries. Former Congressman Zack Space (D-OH) serves as a principal for Vorys Advisors. Mr. Hobson and Mr. Space advise clients by calling upon their extensive experiences as legislators in both Washington, D.C. and Ohio and as respected businessmen.

The bi-partisan team assists companies that are working with state, local and federal government; consults on economic development and infrastructure projects; helps to establish important relationships and networks for clients; and consults on public policy strategies.

Mr. Hobson joined Vorys Advisors after retiring from the U.S. House of Representatives, where he represented Ohio's 7th District for 18 years. Mr. Hobson held many leadership roles in Congress, including chairman and ranking member of the House Appropriations Energy and Water Development Subcommittee, where he obtained a unique perspective on how government and the private sector work together.

During his tenure representing Ohio's 18th Congressional District, Mr. Space served on the House Committee on Energy and Commerce. While in Congress, Mr. Space's work focused on growing the manufacturing, technology and energy sectors of the southeastern and central Ohio economies. Mr. Space is also a successful small-business owner. He and his father opened the law firm Space & Space Company, LPA in 1986, and he worked as an attorney at the firm for nearly 20 years.
