

Public Service

Vorys has a distinguished tradition of public service. For decades, we have actively provided pro bono legal services and we have received national recognition for our exceptional efforts in that area. In addition, our lawyers have served in a broad array of leadership positions in national, state, and local bar associations, foundations, and other organizations focused on the practice of law. Finally, community service also is an important part of our firm culture. In each of our offices, our lawyers are active in many different charitable, cultural, and political activities and are working to improve the quality of their communities.
