

Valuable Experience

Vorys welcomes former judicial clerks from across the country. Pictured (left to right) are Mike Hendershot and Bill Sieck. Mike clerked for the United States Court of Appeals for the Fifth Circuit and for the Supreme Court of Ohio. Bill clerked for the United States District Court for the Eastern District of Pennsylvania.

Judicial Clerks

We strongly welcome applications from judicial clerks. For decades, our firm has actively recruited judicial clerks because we value the experience, training, and insights that clerking provides. Forty-eight of our current lawyers are former clerks, who worked at both the trial and appellate levels and in federal and state courts.

Because the firm recognizes the valuable experience that clerkships provide, we give credit for clerkships for compensation and seniority purposes. We also pay a competitive bonus to clerks upon their arrival at the firm.

Interested judicial clerks should contact:
