

Employment Counseling

Our attorneys work closely with our clients to creatively address the “day-to-day” human resource issues that all businesses face. The scope of our services includes:

- Counseling clients regarding the practical impact of government requirements and assisting in the development and implementation of programs to avoid liability
- Monitoring and analyzing developments in laws and regulations affecting employers and communicating these developments to affected clients
- Conducting audits of employment policies and practices to ensure compliance and to provide suggestions for minimizing liability
- Suggesting cost-saving alternative methods of complying with laws and regulations
