Few states can match central Ohio businesses' record of innovation in retail and wholesale concepts. Vorys has a long-standing history of representing leading retailers, consumer brands and wholesalers, including many that are headquartered steps away from the firm's office in Columbus, Ohio, where the firm was founded over 100 years ago. Our deep knowledge and experience in the retail industry have allowed us to grow our nationally recognized consumer products and retail team across the country.

Who We Represent

Our multidisciplinary team provides comprehensive legal counsel to many of the world's leading consumer products and retail brands – from middle-market, brick-and-mortar stores to global, big box retailers.

We have advised:

- Nearly one-third of the **National Retail Federation's Top 100 list**
- More than **half of the Top 25 retailers**
- More than **600 brands** in the last three years alone

Our 360-Degree Approach

We pride ourselves in understanding the retail industry as well as our clients do. Our team includes dozens of attorneys who have worked inside legal departments at global retailers and understand the full spectrum of issues surrounding the lifecycle of product development and brand protection.

No matter their size, retailers face the same challenges: expense reduction pressures; ongoing technology changes; increasingly complex supply chain and distribution issues; managing critical vendor and supplier relationships; privacy and data security risks; and trademark and cyberspace infringements, among others. We provide practical, pragmatic counsel and innovative solutions to arm our clients with the tools they need to thrive in the retail business.

Innovative Business Solutions

Our comprehensive legal services are augmented by innovative, integrated solutions that help brands control the sales of their products in the age of e-commerce. **Vorys eControl** represents hundreds of brands in preserving their online brand value by addressing unauthorized seller issues.

Honored with the **College of Law Practice Management's 2017 Innovation Award**, Vorys eControl provides online seller enforcement services comprising novel legal tactics, cyber investigator capabilities, and technology to identify and remove unauthorized online products and pursue the sources to stop them from returning to the marketplace.

National Recognition

Vorys is consistently recognized as a top firm for advising consumer products and retail clients.

We are honored to have been named among the **top 25 U.S. law firms advising manufacturers and retailers** in a BTI Consulting Group survey of corporate counsel and C-suite executives in Fortune 1000 businesses.

We have earned a nationwide ranking for retail in the prestigious *Chambers USA* guide for the past five year. In the most recent guide, Chambers and Partners notes Vorys' "*broad range of strengths in the retail sector,*" including "*data security, outsourcing, employment law and customs issues,*" adding that Vorys is "*frequently engaged by retailers facing consumer class actions.*"

Key Service Areas

We advise clients on a spectrum of retail areas and issues, including these key service areas:

Labor and Employment

We assist companies in anticipating and preventing employee relations problems through education, training and counseling. We advise employers on preparing and implementing personnel policies designed to minimize potential liability and establish best practices.

To help our national retail clients navigate the ever-changing rules associated with the Fair Labor Standards Act (FLSA), we publish the *FLSA Guide for Retailers*, a 50-state survey of labor and employment

laws.

When disputes arise, our consumer products and retail team mobilizes its deep bench of labor and employment litigators located in Ohio, Pennsylvania, Texas and California. Retailers are particularly vulnerable to class action litigation in California, making our knowledge of the state-level legal landscape even more essential for our clients.

Our labor and employment litigation attorneys have:

- Served as national counsel to global retailers in class-action litigation
- Appeared as lead counsel in single-plaintiff cases and class actions in courts in 45 states
- Defended more than 100 wage and hour class actions in courts throughout California

The prestigious 2022 *Chambers USA* guide lauded Vorys' work on behalf of retailers in employment law matters, including the firm's defense of a major brand against a Private Attorneys General Act (PAGA) claim in California alleging the misclassification of exempt workers from overtime compensation. Our work also includes representing dozens of retailers and restaurants to successful resolution of class and collective action wage and hour claims under federal and state law.

We represent clients in a range of labor and employment matters involving:

- Affirmative action programs
- Contract disputes

- Diversity and inclusion
- Drug and alcohol policies and testing

Over the past 15 years, Vorys has advised global retailers and consumer brands on keeping their data safe. Whether by collecting, storing and sharing customer information, conducting privacy audits, or refining data security and privacy policies, we help our clients comply with constantly changing domestic and global regulations.

When clients experience data breaches despite their prevention and safety efforts, we represent them in investigations before the Federal Trade Commission (FTC), negotiate consent decrees and advise on complying with the data breach notification laws adopted in 46 states.

Our experience in the retail sector ranges from working with national retailers to create privacy audits to representing payment processors in data breach cases of first impression in the 1st, 3rd and 5th U.S. Circuit Courts of Appeals – each resulting in precedent-setting opinions that are largely upheld today.

We advise clients on an array of privacy and data security issues, including:

With a national practice and international experience, Vorys litigators are competitively positioned and retained by retailers and consumer brands because of our experience, technical efficiency and problem-solving approach.

- Vorys is ranked as a **National Tier 1 “Best Law Firm”** in Commercial Litigation.
- Four of our litigators are Fellows in the **American College of Trial Lawyers**.
- Vorys was named by eight Fortune 500 clients as a Fortune Magazine/Corporate Counsel “Go To Law Firm” in litigation.
- Vorys is one of 69 firms in the country recognized as an exclusive “Primary Firm for Litigation.”

Vorys represents some of the largest and most successful brands in the country on a wide variety of litigation and compliance issues. We represent these clients in every imaginable kind of dispute, whether it concerns business issues, product defects, personal injuries, claims of false advertising or commercial or contract matters.

Because we have built considerable experience around the unique challenges faced by national and regional brands, we are familiar with the quirks of various state and local laws, and we have relationships with governmental agencies, trade associations and law firms from coast to coast. We practice in courts nationwide, and we know the nuances of local procedures.
