Congratulations to Vorys' client and friend, Yubi Beauty LLC, for its product's recognition on *Time* magazine's list of best inventions in 2018. *Time* recognized the Yubi "Buff and Blend Set" for its innovative approach to applying makeup. Yubi founder, Adiya Dixon Wiggins, created the ergonomic fingertip brush and sponge to make application easier, especially on the go. Vorys assisted Wiggins with the patent application that supports the fingertip brush.
