

CLIENT SERVICES

Litigation Technology

The Vorys Litigation Technology Department is an authority on electronically stored information (ESI). The firm's main processing and review platform for discovery is Lateral Data's Viewpoint, a state-of-the-art technology that increases efficiency from processing through production. The Vorys Litigation Technology Department has seven professionals with more than 60 years of combined experience in the legal field.

Strategic Communications

Vorys' communications professionals assist firm clients with media relations issues, such as crisis communications, litigation, investigative reports and other various reporter inquiries. The media relations team is comprised of two former reporters with significant experience in public relations, crisis communications and media relations.

Ally Law (International Alliance of Law Firms)

Vorys is a member of Ally Law, a global network of 60+ independent law firms and 2,400 professionals in more than 40 countries. Through Ally Law, Vorys is able to provide legal solutions for corporate and individual clients worldwide. Ally Law is built on a simple premise – that global legal services providers can be results-oriented and cost-effective.
